THE RIGHT CONCEPT OF LEADERSHIP

by Edmonds Owhorode

Every single individual was born into this word as a leader. No one or nothing can make you a leader.

A LEADERS is one with the capacity to influence others through **INSPIRATION** motivated by PASSION generated by **VISION** produced by **CONVICTION** ignited by **PURPOSE.**

" Leadership is more than playing a role, it is the life you live"...

The steps of successful leadership:

1. Followership
2. Apprenticeships
   (Studentship, training period) Mentorship
3. Leadership (taking responsibility, service)

According as he hath chosen us in him before the foundation of the world, that we should be holy and without blame before him in love: Having predestinated us unto the adoption of children by Jesus Christ to himself, according to the good pleasure of his will,... Eph.1v4,5

MENTORSHIP PROGRAMME

by Edmonds Owhorode

MENTORS

Mentors are those who coach you in life, in other words they are life coach. A coach is a trainer, teacher, instructor etc your coach is there in your life to prepare you for your future which is greatness. Everyone's greatness is always in the future because greatness is processed out of every individual. Who is your teacher? If you have no teacher then you might be taking a dangerous and adventurous journey of life. You have to find your mentors in life.

There is direct and indirect mentorship.

I

Direct mentorship is what call privileged mentorship. This means the protégée is directly in contact with the mentor. That means they can ask questions directly and communicate with their mentors directly. Direct mentorship has very great benefits too numerous to mention, however; we all have a direct mentorship with the great shepherd Jesus Christ. The problem is very many of us haven't tuned our minds spiritually to this fact.

Discovering your Mentors

Your mentors inspire you; they speak to your spirit and not to your head, they are spiritual mentors. They dress you up mentally, emotionally and spiritually for your purpose. They make you see yourself like you've never done before. They coach you for a better behavior, performance and achievement in life.

Mentors are original, they don't give you double promotion but rather they allow you to go through all the possible experiences that are required for your purpose. Mentors usually have firsthand experience of the things they teach you. Mentors are stuffed with the reality of what they teach. True mentors are shameless and fearless, because they must have fought the battles you are about to face in your walk with God. Mentors touch so deeply, they inspire unspeakably.

Mentorship Graduation

Your mentors determine your graduation. When we go to through secular education we don't graduate because we lost our parents through some accident or because we got a divorce.

Graduation is a planned organized set time release from one level to another, not an incidental event.

Break Away Graduation

The protégée determines their graduation. In this type of graduation, so many factors determine this graduation. For example when the protégé don't seem to fit into the discipline parameters of the mentor anymore for many reasons; may be because of the mentor's mistakes, weaknesses or a strange influence from the competitors of the mentors. In this case the protégée is obliged to quit by force because of the situation he or she is going through... *Look out for the new book DISCOVERING YOUR PURPOSE & GRACE.*
